

Evolution?

"This most beautiful system of the sun, planets, and comets could only proceed from the counsel and dominion of an intelligent and powerful Being." - Sir Isaac Newton

"Science without religion is lame, religion without science is blind." - Albert Einstein

"A little science estranges men from God, but much science leads them back to Him."
- Albert Einstein

"Any physical theory is always provisional, in the sense that it is only a hypothesis: you can never prove it. No matter how many times the results of experiments agree with some theory, you can never be sure that the next time the result will not contradict the theory. On the other hand, you can disprove a theory by finding even a single observation that disagrees with the predictions of the theory." - Stephen Hawking

"To suppose that the eye, with all its inimitable contrivances for adjusting the focus to different distances, for admitting different amounts of light, and for the correction of spherical and chromatic aberration, could have formed by natural selection, seems, I freely confess, absurd in the highest degree possible." - Charles Darwin

"The irony is devastating. The main purpose of Darwinism was to drive every last trace of an incredible God from biology. But the theory replaces God with an even more incredible deity - omnipotent chance." - T. Roszak

"Contrary to the popular notion that only creationism relies on the supernatural, evolutionism must as well, since the probabilities of random formation of life are so tiny as to require a 'miracle' for spontaneous generation tantamount to a theological argument." - Chandra Wickramasinghe

"Evolution became in a sense a scientific religion; almost all scientists have accepted it, and many are prepared to 'bend' their observations to fit in with it." - H. S. Lipson

"Life, even in bacteria, is too complex to have occurred by chance." - Harry Rubin

"It is futile to pretend to the public that we understand how an amoeba evolved into a man, when we cannot tell our students how a human egg produces a skin cell or a brain cell!" - Jerome J. Lejeune

"Next time somebody tells you that something is true, why not say to them: 'What kind of evidence is there for that?' And if they can't give you a good answer, I hope you'll think very carefully before you believe a word they say." - Richard Dawkins

"Our theory of evolution has become . . . one which cannot be refuted by any possible observations. Every conceivable observation can be fitted into it. It is thus outside empirical science but not necessarily false. No one can think of ways in which to test it."
- Paul Ehrlich and L. C. Birch

"Scientists who go about teaching that evolution is a fact of life are great con-men, and the story they are telling may be the greatest hoax ever. In explaining evolution, we do not have one iota of fact." - T. N. Tahmisian

"We don't need evidence. We know it to be true." - Richard Dawkins

"It is absolutely safe to say that, if you meet somebody who claims not to believe in evolution, that person is ignorant, stupid, insane or wicked, but I'd rather not consider that." - Richard Dawkins

"I myself am convinced that the theory of evolution, especially the extent to which it has been applied, will be one of the great jokes in the history books of the future."
- Malcolm Muggeridge

"The heart of him who has understanding seeks knowledge, but the mouth of fools feeds on foolishness." - Proverbs 15:14

"Whoever loves instruction loves knowledge, but he who hates correction is stupid."
- Proverbs 12:1

"There is a way that seems right to a man, but its end is the way of death."
- Proverbs 14:12 & Proverbs 16:25

"The fear of the Lord is the beginning of knowledge, but fools despise wisdom and instruction." - Proverbs 1:7

"The fear of the Lord is the beginning of wisdom, and knowledge of the Holy One is understanding." - Proverbs 9:10

"The Lord possessed Me at the beginning of His way, before His works of old. I have been established from everlasting, from the beginning, before there was ever an earth. When there were no depths I was brought forth, when there were no fountains abounding with water. Before the mountains were settled, before the hills, I was brought forth; while as yet He had not made the earth or the fields, or the primal dust of the world.

When He prepared the heavens, I was there, when He drew a circle on the face of the deep, when He established the clouds above, when He strengthened the fountains of the deep, when He assigned to the sea its limit, so that the waters would not transgress His command, when He marked out the foundations of the earth, then I was beside Him as a master craftsman; and I was daily His delight, rejoicing always before Him, rejoicing in His inhabited world, and My delight was with the sons of men.

Now therefore, listen to Me, My children, for blessed are those who keep My ways. Hear instruction and be wise, and do not disdain it. Blessed is the man who listens to Me, watching daily at My gates, waiting at the post of My doors. For whoever finds Me finds life, and obtains favor from the Lord; but he who sins against Me wrongs his own soul; all those who hate Me love death." - Proverbs 8:22-36
